Index to Volume 17

Abou-Samra M, Asch RH, Story JL. Total hypophysectomy in the nonhuman primate, 30
Acinar adenoma
  Acinar choroid plexus adenoma of the fourth ventricle, 290
Acker JD. See Robertson JH, 468
Acoustic schwannoma
  Glossopharyngeal neuralgia of traumatic origin, 77
Acrylic prosthesis, reinforced
  Use of acrylic prosthesis for a giant-cell tumor of the cervical spine, 358
Acute stage
  A new therapeutic method for acute brain infarction: revascularization following the administration of mannitol and perfluorochemicals—a preliminary report, 325
Adeloye A. Intracranial metastatic tumors in Ibadan, Nigeria, 231
Adelstein W. See Watts C, 223
Adenine arabinoside
  The importance of brain biopsy in suspected herpes simplex encephalitis, 101
Adenoma
  Acinar choroid plexus adenoma of the fourth ventricle, 290
Afibrinogenemia
  Spontaneous intracranial bleeding in hemorrhagic diathesis, 137
Agenesis
  Complete absence of the cerebellum with arthrogryposis multiplex congenita diagnosed by CT scan, 62
Ahmadi J, Han JS, Teal JS, Tsai FY, Zee C-S, Segall HD. Localization of intracranial lesions utilizing the coronal suture as a landmark on axial computed tomography, 209
Ajir F, Chanbusarakum K, Bolles JC. Acinar choroid plexus adenoma of the fourth ventricle, 290
Albin MS. See Hung T-K, 213
Alexander E Jr. Editorial, 303
Alexander E Jr., Kushner J, Six EG. Brainstem hemorrhages and increased intracranial pressure: from Duret to computed tomography, 107
Alexander E Jr. Statement about Walter Eugene Stern, Jr, 393
Alker GJ Jr. See Kelly PJ, 260
Almaani WS, Awidi AS. Spontaneous intracranial bleeding in hemorrhagic diathesis, 137
Alvarez F, Blazquez MG, Oliver B, Manrique M. Calcified cerebral hydatid cyst, 163
Alvarez MP. See Roda JM, 147
ϵ-Aminocaproic acid
  The effects of epsilon aminocaproic acid on contractile properties and catecholamine content of rat carotid arteries, 273
  Medical management of patients following a ruptured cerebral aneurysm with ϵ-aminocaproic acid, kanamycin, and reserpine, 181
Amygdalohippocampectomy, selective
  Selective amygdalohippocampectomy as a surgical treatment of mesiobasal limbic epilepsy, 445
Aneurysm
  Cerebral vasospasm and intraluminal filling defects, 71
  Cortical blood flow during craniotomy for aneurysm, 204
  The development of intracranial aneurysms associated with pulseless disease, 132
  The effects of epsilon aminocaproic acid on contractile properties and catecholamine content of rat carotid arteries, 273
  Persistent intraventricular hematoma following ruptured aneurysm, 301
  Rupture of bacterial intracranial aneurysm following replacement of cardiac valves, 9
  Vasculitis, thrombotic thrombocytopenic purpura, and stroke after aneurysm surgery, 426
Angiography
  Angiographically occult vascular malformations causing intracranial hemorrhage, 35
  Bacterial intracranial aneurysm: importance of sequential angiography, 429
  Cerebral vasospasm and intraluminal filling defects, 71
  A microstereotactic approach to deep-seated arteriovenous malformations, 260
  Paraventricular cerebral cyst in an infant, 123
Angioma
  Microsurgical treatment of juxtapeduncular angiomas, 16
  Surgical extirpation of a venous angioma of the medulla oblongata simulating multiple sclerosis, 334
Animals, experimental
  Baboon
    Radiopaque silicone rubber and xeroradiography for the high-resolution visualization of the cerebral vasculature, 130
  Cat
    Experimental cerebral vasospasm: resolution by chlorpromazine, 263
  Dog
    Transsphenoidal injection of silicone for the production of communicating or obstructive hydrocephalus in dogs, 247
  Monkey
    Total hypophysectomy in the nonhuman primate, 30
  Rat
    The effects of epsilon aminocaproic acid on contractile properties and catecholamine content of rat carotid arteries, 273
    The role of hyaluronidase in experimental cryptococcal infections, 239
Anterior spinal artery
  Posttraumatic anterior spinal cord syndrome: pathological studies of two patients, 370
Anterior spinal cord syndrome
  Posttraumatic anterior spinal cord syndrome: pathological studies of two patients, 370
Antibiotics
  Multiple streptococcal brain abscesses successfully treated by craniotomy and needle aspiration, 57
Aoyama I, Makita Y, Nabeshima S, Motomochi M. Intracranial double teratomas, 383
Aplasia cutis congenita
  Conservative management of congenital defect of skull and scalp, 152

January issue, pp 1–80; February issue, pp 81–156; March issue, pp 157–236; April issue, pp 237–312; May issue, pp 313–392; June issue, pp 393–472.

Aqueductal closure, one-way
Trapped fourth ventricle in coccidioidal meningitis, 197
Arachnoid cyst
CT scan and metrizamide CT cisternography in arachnoid cysts of the middle cranial fossa: classification and pathophysiological aspects, 363
Spinal intradural arachnoid cyst, 388
Arteriovenous fistula
Middle meningeal artery trauma, 200
Arteriovenous malformation
A microstereotactic approach to deep-seated arteriovenous malformations, 260
Preoperative balloon occlusion: "the intravascular ligature," 191
Arthrogryposis multiplex congenita
Complete absence of the cerebellum with arthrogryposis multiplex congenita diagnosed by CT scan, 62
Artificial blood
The protective effect of mannitol and perfluorochemicals on hemorrhagic infarction: an experimental study, 66
Arutyunov AI. His contribution, 157
Asch RH. See Abou-Samra M, 30
Asia
Harvey Cushing and Sven Hedin (special article), 165
Astrocytoma
Diencephalic syndrome of emaciation (Russell's syndrome), 141
Auditory brainstem response
Serial observations of brain stem function by auditory brain stem responses in central transtentorial herniation, 355
Avram J. See Bartal AD, 90
Awidi AS. See Almaani WS, 137

Bacterial aneurysm
Bacterial intracranial aneurysm: importance of sequential angiography, 429
Rupture of bacterial intracranial aneurysms following replacement of cardiac valves, 9
Banerjee AK. See Kaur U, 120
Barbiturate coma
Cerebral revascularization during barbiturate coma in primates and humans, 111
Barry KJ, Selland BA, Stein BM. The effects of epsilon aminocaproic acid on contractile properties and catecholamine content of rat carotid arteries, 273
Bartal AD, Heilbronn YD, Avram J, Razon N. Carbon dioxide laser surgery of basal meningiomas, 90
Basilar artery
Experimental cerebral vasospasm: resolution by chlorpromazine, 263
Basilar impression
Basilar impression and platybasia in osteogenesis imperfecta tarda, 116
Bellon EM. See Roski RA, 200
Beresini D. See Hieshima GB, 191
Berger TS. See Frank E, 116, 218
Besser M. See Whittle IR, 4
Bignami A. See Foo D, 370
Bilateral hematomas
Bilateral epidural hematomas, 218
Biller J. See Schiess RJ, 423
Biopsy
The importance of brain biopsy in suspected herpes simplex encephalitis, 101
Birth trauma
Extradural hemorrhage in the posterior fossa in neonates, 341
Bitoh S, Hasegawa H, Fujiwara M, Nakao K. Irradiation of spontaneous carotid-cavernous fistulas, 282
Bitoh S, Hasegawa H, Fujiwara M, Sakurai M. Angiographically occult vascular malformations causing intracranial hemorrhage, 35
Blaumanis OR, Grady PA. Experimental cerebral vasospasm: resolution by chlorpromazine, 263
Blazquez MG. See Alvarez F, 163
Blazquez MG. See Roda JM, 147
Blood-brain barrier
Improved surgical resection of human brain tumors: Part I. A preliminary study, 316
Boehnke M. See Yonas H, 130
Boles DM, Tobias PV, Spiro F. Carpal tunnel syndrome due to compression by an anomalous median artery, 99

Tamaki N. See Takahashi T, 269
Tator CH. See Leramo OB, 186
Teal JS. See Ahmadi J, 209
Temporal lobe
  Unifocal eosinophilic granuloma of the temporal lobe, 441
Teratoma
  Intracranial double teratomas, 383
Tew JM Jr. Neurosurgeon of the year: Frank Henderson Mayfield, 1
Tew JM Jr. See Frank E, 116, 218
Thermal diffusion
  Cortical blood flow during craniotomy for aneurysm, 204
Thomas DGT. See O'Laoire SA, 12
Thoracic spine
  Acute collapse of thoracic vertebral bodies after long-term steroid treatment in leprosy, 293

Thrombocytopenia
Spontaneous intracranial bleeding in hemorrhagic diathesis, 137
Vasculitis, thrombotic thrombocytopenic purpura, and stroke after aneurysm surgery, 426
Thrombosed aneurysm
Calcified aneurysm of the vein of Galen—successful removal, 304
Thrombotic thrombocytopenic purpura
Vasculitis, thrombotic thrombocytopenic purpura, and stroke after aneurysm surgery, 426
Tindall SC. Book review, 34
Tobias PV. See Boles DM, 99
Tognetti F. See Galassi E, 363
Tomography
Occipital condyle fracture associated with cervical spine injury, 350
Toole JF. See Schiess RJ, 423
Towfighi J. See Greenwood SM, 441
Transient ischemic attacks
Meningioma presenting as recurrent transient cerebral ischemia and intracranial hemorrhage, 120
Transient ischemic attacks caused by unruptured intracranial aneurysm, 464
Transtentorial herniation, central
Serial observations of brain stem function by auditory brain stem responses in central transtentorial herniation, 355
Trauma
Posttraumatic anterior spinal cord syndrome: pathological studies of two patients, 370
An unusual case of flexion injury of the cervical spine, 255
Treatment
Multiple streptococcal brain abscesses successfully treated by craniotomy and needle aspiration, 57
Tsai FY. See Ahmadi J, 209
Tsutsui T. See Nagao S, 355

Ultraviolet fluorescence
Qualitative measurement of cerebral infarction using ultraviolet fluorescence, 320
Urinary chorionic gonadotropin
Brain metastasis of choriocarcinoma, 395

Van Dellen JR. See Bullock R, 9
Vascular malformation
Angiographically occult vascular malformations causing intracranial hemorrhage, 35
Surgical extirpation of a venous angioma of the medulla oblongata simulating multiple sclerosis, 334
Vasculitis
Vasculitis, thrombotic thrombocytopenic purpura, and stroke after aneurysm surgery, 426
Vasospasm
The effects of epsilon aminocaproic acid on contractile properties and catecholamine content of rat carotid arteries, 273
Medical management of patients following a ruptured cerebral aneurysm, with ϵ-aminocaproic acid, kanamycin, and reserpine, 181
Vasculitis, thrombotic thrombocytopenic purpura, and stroke after aneurysm surgery, 426
Vein of Galen
Calcified aneurysm of the vein of Galen—successful removal, 304
Ventricle
Ventriculo–superior sagittal sinus shunt for hydrocephalus, 432
Ventricular shunting
The incidence of epilepsy after ventricular shunting operations, 279
Ventriculography
Paraventricular cerebral cyst in an infant, 123
Ventriculoperitoneal shunt
Trapped fourth ventricle in coccidioidal meningitis, 197
Vertebra
Acute collapse of thoracic vertebral bodies after long-term steroid treatment in leprosy, 293
Lumbar extradural compression by guinea worm infestation, 127
Vertex
Localization of intracranial lesions utilizing the coronal suture as a landmark on axial computed tomography, 209
